

GOALS FOR STUDENT ACHIEVEMENT

Mission

As a comprehensive health sciences center, our mission is to enrich the lives of others by educating students to become collaborative healthcare professionals, providing excellent patient care, and advancing knowledge through innovative research.

ON-TIME GRADUATION RATES

To calculate on-time graduation rates, TTUHSC students are assigned to expected graduation cohorts based on the first academic period for which a student enrolls in credit hours toward a degree program. For purposes of comparison at an institutional level, students are expected to graduate within a specified number of years based on the level of degree sought.

- Students seeking undergraduate degrees are expected to graduate within 8 years of matriculation at TTUHSC following the IPEDS Outcomes Measures Survey metric.
- Students seeking master’s degrees are expected to graduate within 5 years of matriculation at TTUHSC.
- Students seeking doctoral and/or professional degrees are expected to graduate within 10 years of matriculation at TTUHSC.

The overall TTUHSC on-time graduation rate for the 2023 Expected Graduated Cohort (EGC) was 91.1%. This is a 1-point increase from 90.1% in 2022.

On-Time Graduation Rates by School for EGC 2023

School	2022 ^b	2023	Min. Annual Target	2023 Status

^a School of Population and Public Health includes the Certificate of Public Health and Master of Public Health programs, which were a part of the Graduate School of Biomedical Science prior to 2021.

^b On-time Graduate Times Rates were also calculated for baccalaureate students at the 4 and 6-year timeframe. The overall percentages increased by 1 point from the 4-year to the 8-year completion timeframe, demonstrating robust achievement in graduating on time.

On-Time Graduation Rates by Degree Level
