

Fall 2023 GLOBAL HEALTH LECTURE SERIES

Insights on Gender Equality and Social Determinants of Health from the Global Burden of Disease Study

Featuring

Emmanuela Gakidou, Ph.D.

Professor of Health Metrics Sciences, IHME,
University of Washington

Wednesday, November 1, 2023

12:00 PM - 1:00 PM

Zoom ([register here](#))

The Global Burden of Disease study provides a comprehensive picture of mortality and disability across countries, time, age, and sex. In this presentation, we will explore key findings with a lens on gender equality and on education. The presentation will highlight some of the most pronounced gender disparities and the contribution of low educational attainment to the burden of disease.

This event is free and open to the public.

No RSVP is required.
