

Spring 2024 GLOBAL HEALTH LECTURE SERIES

The New Digital Pandemic: Social Media and Youth Mental Health

Featuring

Eric Rasmussen, Ph.D.

Department of Public Relations & Strategic
Communication Management, Texas Tech University

Wednesday, January 31, 2024

12:00 PM - 1:00 PM

Zoom ([register here](#))

The U.S. Surgeon General recently issued an Advisory, stating that social media use constitutes a “meaningful risk of harm to children,” especially when it comes to their mental health. Dr. Rasmussen will review the research related to social media and mental health, as well as some efforts of TTU and TTUHSC researchers to help more adolescents receive mental health treatment.

This event is free and open to the public.
No RSVP is required.

For more information about the lecture series, please contact the Office of Global Health by [email](#) or visit our [website](#).
