THE GLOBAL HEALTH LECTURE SERIES

Featuring: A Panel from Lubbock Compact

Last semester the Office of Global Health invited Lubbock Compact member Dr. Nicholas Bergfeld to discuss the "Lubbock Disparity Report" which garnered significant attention across Lubbock when initially released. Recently Lubbock Compact released version 2.0 of the Lubbock Disparity Report. This new version has grown from 47 pages to a now staggering 132 pages. There have been significant updates since the original version, so many that a single person can't adequately cover the material. Join us during your lunch hour as we invite Dr. Bergfeld and a panel of Lubbock Compact contributors to discuss the Lubbock Disparity Report 2.0.
