

Leadership Update August 28th, 2020

Next Tuesday, we will begin a new fiscal year at TTUHSC. We would like to thank our Managed Care team members for the extraordinary dedication demonstrated this year. We continue to meet our mission of providing high quality, cost-efficient healthcare because of you. Though many have adjusted to our “new normal”, it is imperative that all team members communicate frequently with on-site leadership regarding the latest COVID precautions. If you have questions, your supervisor and the [Human Resources](#) department are available to assist you.

As we open a new academic year, we want to ensure you that we are working diligently to return students to our clinical sites. Quality educational experiences are a central tenant of our mission at TTUHSC. The TDCJ and TTUHSC both recognize this and are working on a waiver process that will allow these valuable student experiences to resume.

Next week, we will cease operations at our Littlefield clinic. With any new initiative, our goal is to support our community with our experience and expertise in healthcare delivery. We are proud of the quality patient care provided at the Texas Civil Commitment Center and want to recognize our Littlefield team for their tireless work.

As we head into the weekend, please take time to focus on your self-care. You must take care of yourself before you can take care of anyone else.

We are all in this together.

Cynthia Jumper, MD, VP Health Policy and Special Health Initiatives
Denise DeShields, MD, Executive Medical Director
Will Rodriguez, MSOLE, Executive Director
