

Template #3 – Student had a High-Risk Exposure – To be used by course instructors/program directors in coordination with their school’s respective student affairs leader to notify students in their classes/programs when another student has reported a high-risk exposure from another person.

We were made aware that a student in _____ [SPECIFY CLASS/PROGRAM] may have been exposed to an individual known to have tested positive for COVID-19. The CDC and health department protocols including those for contact tracing are being conducted, and you may be contacted by the Office of Institutional Health or a contact tracer with further instructions.

Out of an abundance of caution, we wanted to provide you this notification. You should continue to report to campus during your regular schedule; however, we ask that you monitor yourself for symptoms of COVID-19 in accordance with the University’s daily self-screening process. If there is a need for further action on your part, the Office of Institutional Health designated health surveillance unit will reach out directly to you with additional information.

If you experience symptoms of COVID-19, you should complete an [online form](#), self-isolate, monitor yourself for symptoms of COVID-19 in accordance with the University's daily self-screening process, and follow instructions from the Office of Institutional Health as applicable. You may also seek guidance from a health care provider, and follow the instructions from your health care provider and the contact tracer regarding testing and treatment.

Please remain in regular communication with me and let me know if you have any questions or concerns. We will continue to monitor this situation and provide support and updates as necessary. Your health and the health of the University community remain our top priority.
